BOARD OF DIRECTORS

Candidate Information

CAROL BAIN

I have always supported Ho'ike's mission over the years since I was a founding member in 1991. I have completed several trainings to use facilities and also offered workshops at the old Koloa facility. I am an active, certified producer, and have submitted many programs for public access channel 52, several of which were produced in Ho'ike's studio. I am the producer for County of Kauai government video productions that appear on channel 53. The importance of open records and open meetings (Sunshine laws) should be confirmed by any public access organization dedicated to public service. I will work to encourage Ho'ike to provide fair and equal access opportunities to present non-commercial programs on PEG channels.
